REPORT OF SCHOOL NURSE

The following is my report for the year ending June 30, 1958.

- 125 pupils had vision tests given by the school nurse
- 7 pupils received vision notices
- 63 pupils had hearing tests given by the school nurse
- 120 pupils were weighed and measured
- 41 pupils attended polio clinics
- 120 pupils were given inspections by the school nurse
- 45 pupils were found in need of dental care
- 11 pupils attended pre-registration clinic
- 12 pupils were checked and necessary follow-up done for smallpox vaccination

Dental Program—Dental Health Education in classroom October and January.

The aims of the school nurse are numerous, to list a few:

To instruct children and young people so that they may conserve and improve their own health, and thus be more able to secure that abundant vigor and vitality which are a foundation for the greatest possible happiness and service in personal, family, and community life.

To promote satisfactory understandings, attitudes, and ways of behaving among parents and other adults so that they may maintain and improve the health of the home and community.

To improve the individual and community life of the future; to work toward a better second generation, and a still better third generation; to build a healthier and fitter nation and world.

I do wish to take this opportunity to thank all who helped make my year a successful one.

Respectfully submitted,
MRS. ELLEN PEARCE, R. N.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Gilsum:

I herewith submit my annual report as your Superintendent of Schools:

Survival and success in the years ahead will be influenced to a large extent by the choices we make in regard to what we as a people consider to be valuable. The support given to the educational program in a community is a reflection of the value placed on education by its people.

Young people soon discover what their elders really value.

More than financial support of the school program is needed. There is a need for cooperative effort of parents, citizens and teachers to promote a climate in all phases of a youngster's life that will encourage and demand the best that he or she is capable of doing. The help and influence of parents is needed to aggressively support the school's efforts to promote excellence of performance.

The committees that were working on the Oral Language Arts Syllabus as a follow-up of the 1957 Workshop completed their outlines; syllabi were adopted and placed in use this year for grades one through twelve.

The Language Arts Workshop held this year placed emphasis on the written program. Miss Helen O'Leary, Associate Professor of Education at the University of Massachusetts was the keynote speaker and principle consultant. Other consultants contributing to the success of the Workshop were Miss Marie Capron, Supervisor of Student Teaching at Keene Teachers College; Miss Amy Mayo, Educational Consultant for the American Book Company and Mr. Normand Pacquette, Head of the English Department at Stevens High School, Claremont, N. H.

Committees are working to complete a Written Lan-

guage Arts Syllabus for grades one through twelve and it is hoped that it will be completed by the end of the school year.

Mathematics and Science teachers conducted a three-day workshop at the same time the Language Arts Workshop was in progress. This group studied mathematics teaching methods and procedures and are currently working on a mathematics syllabus for grades seven and eight.

In addition to participation in promotion of curriculum and methods improvement with the teachers of Supervisory Union No. 60 we are trying to improve the preparation of Gilsum pupils for entrance into the Keene System by following Keene Junior High School procedures as closely as possible under the circumstances of a multiple grade situation.

A balance of \$476.92 was available at the end of the year rather than the zero balance anticipated at the time the budget was adopted. This gain was offset to some extent by our receiving \$131.37 less for state foundation aid. The final tax assessment being \$20,696.95 which is \$345.55 less than anticipated when the budget was voted.

I want to thank the Gilsum Parent-Teacher Association for their contributions to the school, mentioning particularly the tape recorder, electric organ and their share in the television set. The contribution toward the total cost by the Keene Rotary Club is also very much appreciated.

Enrollment, January 5, 1959

I would like to take this opportunity to thank the School Board, parents, pupils and citizens for their cooperation.

ELLIOTT W. KEACH,
Superintendent of Schools.

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty Use your town dump

CORNELIUS WOOD, District Fire Chief.
